3. Contractor agrees to advise all employees of the availability of State publicly financed health care coverage programs by providing each employee with, as a minimum, the following web site link to additional information: <http://insurenewmexico.state.nm.us/>.

4. For Indefinite Quantity, Indefinite Delivery contracts (price agreements without specific limitations on quantity and providing for an indeterminate number of orders to be placed against it); Contractor agrees these requirements shall apply the first day of the second month after the offeror reports combined sales (from state and, if applicable, from local public bodies if from a state price agreement) of \$250,000, \$500,000 or \$1,000,000, depending on the dollar value threshold in effect at that time.

This provision applies to all State Executive Branch Agency solicitations (Request for Proposals – RFP, Invitation to Bid – ITB).

19. Employee Pay Equity Reporting

Contractor agrees if it has ten (10) or more employees OR eight (8) or more employees in the same job classification, at any time during the term of this contract, to complete and submit the required reporting form (PE10-249 or PE250, depending on their size at the time) either within thirty (30) calendar days of contract award (if the contract did not result from a solicitation) or on the annual anniversary of the initial report submittal for contracts up to one (1) year in duration (if the contract did result from a solicitation).

For contracts that extend beyond one (1) calendar year, or are extended beyond one (1) calendar year, contractor also agrees to complete and submit the required form-annually within thirty (30) calendar days of the annual contract anniversary date of the initial submittal date and, if more than 180 calendar days has elapsed since submittal of the last report, at the completion of the contract.

Should contractor not meet the size requirement for reporting at contract award but subsequently grows such that they meet or exceed the size requirement for reporting, contractor agrees to provide the required report within ninety (90) calendar days of meeting or exceeding the size requirement. That submittal date shall serve as the basis for submittals required thereafter.

Contractor also agrees to levy these reporting requirements on any subcontractor(s) performing more than 10% of the dollar value of this contract if said subcontractor(s) meets, or grows to meet, the stated employee size thresholds during the term of the contract. Contractor further agrees that, should one or more subcontractor not meet the size requirement for reporting at contract award but subsequently grows such that they meet or exceed the size requirement for reporting, contractor will submit the required report, for each such subcontractor, within ninety (90) calendar days of that subcontractor meeting or exceeding the size requirement. Subsequent report submittals, on behalf of each such subcontractor, shall be due on the annual anniversary of the initial report submittal. Contractor shall submit the required form(s) to the State Purchasing Division of the General Services Department, and other departments as may be determined, on behalf of the applicable subcontractor(s) in accordance with the schedule contained in this

paragraph. Contractor acknowledges that this subcontractor requirement applies even though contractor itself may not meet the size requirement for reporting and be required to report itself.

Contractor shall not be required to report more frequently than annually unless more than 180 calendar days has elapsed since submittal of the last report and the contract has reached completion. The requirement for reporting at contract completion shall not apply in the case of a one-time fulfillment of a purchase order.

20. Disadvantaged Business Enterprise (DBE) Program and Policy.

In accordance with Title 49 Code of Federal Regulations Part 26 (49 CFR 26) or as may be amended, the Contractor shall agree to abide by and take all necessary and reasonable steps to comply with the following:

(A) DBE Policy: It is the policy of the Department to implement the provisions of 49 CFR 26, other pertinent regulations, and source legislation. The objectives are:

1. To ensure nondiscrimination in the award and administration of United States Department of Transportation (DOT) assisted contracts in the DOT's highway, transit, and airport financial assistance programs;

2. To create a level playing field on which DBE's can fairly compete for DOT-assisted contracts:

3. To ensure that DOT's DBE Program is narrowly tailored in accordance with applicable law;

4. To ensure that only firms that fully meet the eligibility standards specified in 49 CFR 26 are permitted to participate as DBE's;

5. To help remove barriers to the participation of DBE's in DOT-assisted contracts; and

6. To assist the development of firms that can complete successfully in the marketplace outside the DBE Program.

(B) **DBE Obligations:** The Department will establish the state DBE goal on an annual basis. The approved FY 2010 state DBE goal is established at 12.41% for all federally assisted projects.

1. **Means of Attaining the State Goal:** The Department will meet the state DBE goal on federally assisted projects through race neutral measures. There will be no individual project goals on federally assisted projects unless an analysis of DBE utilization indicates that the goal falls substantially short of the annual goal and that good faith efforts have not been fulfilled. In the event the Department adopts race conscious measures to attain the state DBE goal, the Contractor shall be required to implement the individual project goal established by the Department.

- **Record Keeping Responsibilities:** The Contractor is responsible to assure that its DBE liaison officer completes and submits the appropriate forms required by the DBE Program to the Department's project manager or to the Department's Office of Equal Opportunity Program Bureau (OEOPB) at the following address:

**New Mexico Department of Transportation
OEOPB**

**Aspen Plaza, Suite 107
1596 Pacheco Street
Santa Fe, New Mexico 87505**

(C) Department's DBE Program: The Department's DBE Program, 18 NMAC 28.2 as required by 49 CFR 26 and as approved by DOT, is incorporated herein by reference and made part of this Agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this Agreement. Upon notification to the Contractor of its failure to carry out the terms and conditions of the DBE Program, the Department may impose sanctions as provided for under 49 CFR 26 and may, in appropriate cases, refer the matter for enforcement under 18 USC 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 USC 3801 et seq.).

(D) Recipient/Contractor Assurances: Each contract the Contractor enters into with a construction contractor, design consultant, other consultant or recipient on a DOT-assisted project shall ensure that such contract and subcontracts shall include the following assurances:

1. Recipient shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract or in the administration of its DBE Program or the requirements of 49 CFR 26. The Department shall take all necessary and reasonable steps under 49 CFR 26 to ensure nondiscrimination in the award and the administration of DOT-assisted contracts. The Department's DBE Program, as required by 49 CFR 26 and as approved by DOT, is incorporated herein by reference and made part of

this Agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this Agreement. Upon notification to the recipient of its failure to carry out its approved program, the DOT may impose sanctions as provided for under 49 CFR 26 and may, in appropriate cases, refer the matter for enforcement under 18 USC 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 USC 3801 et seq.).

2. The recipient shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The recipient shall carry out applicable requirements of 49 CFR 26 in the award and administration of DOT-assisted contracts. Failure by the recipient to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy, as the NWNMCOG deems appropriate.

21. Notice.

The New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities, or kickbacks in the procurement of this Agreement. In addition, the New Mexico Procurement Code, NMSA 1978, Sections 13-1-28 through 13-1-199, as amended, imposes civil and criminal penalties for its violation.

22. Applicable Law.

The Laws of the State of New Mexico shall govern this Agreement.

23. Contractor's Liability.

Contractor shall defend, indemnify and hold harmless the Department, acting through its agents, representatives and employees, from and against

liability, claims, damages, losses or expenses (including but not limited to attorney's fees, court costs and the cost of appellate proceedings) arising out or resulting from the negligence, act, omission or default of the Contractor, its agents, representatives or employees; provided that such indemnification shall not extend to liability, claims, damages, losses or expenses, including attorney's fees arising out of: (1) The preparation or approval of maps, drawings, opinions, reports, surveys, change orders, design or specifications by the NWNMCOG or the agents or employees of the NWNMCOG; or (2) The giving of or failure to give directions or instructions by the NWNMCOG, where such giving of or failure to give directions or instructions by the NWNMCOG is the primary cause of bodily injury to persons or damages to property.

24. Severability.

In the event that any portion of this Agreement is determined to be void, unconstitutional or otherwise unenforceable, the remainder of this Agreement shall remain in full force and effect.

25. Merger.

This Agreement incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written Agreement.

No prior agreements or understandings, verbal or otherwise, of the parties or their agents shall become valid or enforceable unless embodied in this Agreement.

26. Amendment.

This Agreement shall not be altered, changed or amended except by an instrument in writing and executed by the parties hereto.

This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars (\$250) over the two year period.

Furthermore, the state agency or local public body may cancel a solicitation or proposed award for a proposed contract pursuant to Section 13-1-181 NMSA 1978 or a contract that is executed may be ratified or terminated pursuant to Section 13-1-182 NMSA 1978 of the Procurement Code if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

The state agency or local public body that procures the services or items of tangible personal property shall indicate on the form the name or names of every applicable public official, if any, for which disclosure is required by a prospective contractor.

THIS FORM MUST BE INCLUDED IN THE REQUEST FOR PROPOSALS AND MUST BE FILED BY ANY PROSPECTIVE CONTRACTOR WHETHER OR NOT THEY, THEIR FAMILY MEMBER, OR THEIR REPRESENTATIVE HAS MADE ANY CONTRIBUTIONS SUBJECT TO DISCLOSURE.

The following definitions apply:

“Applicable public official” means a person elected to an office or a person appointed to complete a term of an elected office, who has the authority to award or influence the award of the contract for which the prospective contractor is submitting a competitive sealed proposal or who has the authority to negotiate a sole source or small purchase contract that may be awarded without submission of a sealed competitive proposal.

“Campaign Contribution” means a gift, subscription, loan, advance or deposit of money

or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official’s behalf for the purpose of electing the official to statewide or local office. “Campaign Contribution” includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

“Family member” means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law of (a) a prospective contractor, if the prospective contractor is a natural person; or (b) an owner of a prospective contractor.

“Pendency of the procurement process” means the time period commencing with the public notice of the request for proposals and ending with the award of the contract or the cancellation of the request for proposals.

“Prospective contractor” means a person or business that is subject to the competitive sealed proposal process set forth in the Procurement Code or is not required to submit a competitive sealed proposal because that person or business qualifies for a sole source or a small purchase contract.
