RTPO members will discuss, approve, and authorize the FFY2021 RTIPR update.

VI.	Tribal & Local Government Handbook (TLPA) updates	Robert Kuipers
BACKGROUND		
<ul style="list-style-type: none"> • Why? The NMDOT Tribal / Local Public Agency Handbook provides guidance for MPO's and RTPO's for the regional management of transportation infrastructure and services in collaboration with the NMDOT Districts that serve the RTPO or MPO region. • Purpose. To inform NWRTPO members on recent updates to the TLPA handbook by simply providing it for their review. The TLPA informs RTPO members on the purpose and process for local and regional government collaboration with NMDOT to establish priorities for and develop related transportation infrastructure and services. • Discussion/Finalization. Members have been provided the NMDOT TLPA Handbook with 2019 – 2020 updates for their review and familiarization. 		
CURRENT WORK		
<ul style="list-style-type: none"> • RTPO members are encouraged to familiarize with the current TLPA Handbook after 2019 – 2020 updates.

Discussion:

- No discussion from RTPO members or staff, as most of us haven't had a chance to review the minor updates to the handbook as of yet.
- Neala Krueger mentioned that the handbook applies only to federally funded projects. State or locally funded projects don't have to follow the same rules for funding, match funding, and project execution as federally funded projects must comply with.

- JoAnn Garcia reminded members to check up on their Capital Outlay projects and update them in the CPMS (Capital Project Monitoring System), to make sure their projects are submitted and up to date, with the required minimal 5% match.
- For Local Government Road Fund projects – the District needs certifications for all projects – many RTPO members are not following LGRF guidance for project development and are trying to close out projects without having reported progress to the DOT or following what the program requires – this could jeopardize funding, and DOT District 6 urges follow up with their staff. Have contractors apply to be on the State list as pre-qualified contractors. Using a non-state-qualified contractor could also jeopardize project funding!

Agenda Item #IV: NMDOT FFY2021 RTIP (“Zipper”)

Subject: Discussion with DOT Dist. 6 staff, along with representatives from Catron County and Sandoval County for the DOT FFY2021 RTIP (Zipper)

Prepared for: NWRTPO March 10 meeting

Date: 3/2/21

BACKGROUND

- **Why?** Every two years RTPO’s and DOT Districts update their RTIPR’s and RTIP’s (also called zippers), because DOT Districts don’t line up with RTPO counties. In our case DOT Dist. 6 includes Sandoval and Catron Counties from the Mid Region RTPO and the SW RTPO.
- **Purpose.** To collaborate with these two additional counties for project prioritization within the DOT District 6 RTIP (Zipper).
- **Discussion/Finalization.** If the Zipper discussion is possible at this meeting, we will collaboratively prioritize projects for the five county region of DOT District 6.

CURRENT WORK

- None – the NWRTPO already has finalized our RTIPR with projects prioritized

ANTICIPATED WORK

- Discussion with DOT Dist. 6 staff, NWRTPO, SWRTPO, and MRRTIP representatives including Sandoval and Catron County to prioritize projects for the NMDOT RTIP (Zipper)

ATTACHMENTS

- NWRTPO RTIPR – traditional and new format.

BUDGET IMPACT

- None

ACTION ITEM

- DOT Dist. 6 staff, and NWRTPO / SWRTPO / MRRTPO staff will vote to support project prioritization for the five county region. The NWRTPO has always been generous to Sandoval and Catron Counties for project prioritization, as these counties are significantly rural with limited funding opportunities for transportation infrastructure.

A PROGRAM OF Northwest New Mexico Council of Governments

NWRTPO | Northwest Regional Transportation Planning Organization

Monthly Report – March, 2021

- A. 2020 NWRTPO RTIPR Update:** The NWRTPO conducted an “RTIPR Revision” this year rather than a full call for projects. This is due to the fact that not much funding is anticipated until at least 2021 or 2022. Therefore the NWRTPO simply asked members to submit Project Feasibility Forms (PFF’s) rather than a full call for projects, in order to get new projects or new phases into the RTIPR this year. Staff completed the RTIPR for review at our January meeting, and approval / authorization at our February meeting. The DOT District 5 RTIP (Zipper) will take place in March, and we’re waiting to hear from DOT District 6 as to when their “Zipper” will take place.
- B. Local Government Transportation Project Fund:** The State of New Mexico recently initiated a new LGTPF fund to support transportation needs across New Mexico, complimenting the ongoing Local Govt. Road Fund. This fund provides \$50 million statewide and is not restrained by federal functional classification requirements. In 2019 a total of 22 projects were submitted from the NWRTPO, (along with 2 from the SWRTPO and 4 from the MRRTPPO) – totaling 28 projects for the DOT Dist. 6 region. *The NWRTPO region was awarded just over \$12 million.* Eleven member governments of the NWRTPO and Farmington MPO were funded for 14 projects which are now underway. Presently funding for LGTPF projects is not anticipated until FFY2021; nonetheless, the NWRTPO will program and prioritize current (remaining / unfunded from FFY2019) and any new LGTPF projects within the FFY2020 biennial RTIPR. The LGTPF Fund has been officially renamed to the Local Transportation Project Fund (LTPF) and now officially includes Tribal communities.
- C. GIS Data Gathering, Mapping and Compiling Work:** COG staff Carrie House continues to provide technical assistance and GIS mapping for development of 66 new miles of recreational trails in the Zuni Mountains in McKinley and Cibola Counties during FFY18 – FFY21; and continues contributing GIS mapping for regional transportation infrastructure. RTPO staff need to follow up with our three Pueblos – Laguna, Acoma and Zuni regarding the opportunity to include their transportation mapping and data into our regional portfolio, based on what each Pueblo is willing to share. The NWCOG was the only New Mexico recipient of a NADO Impact Award for the ongoing development of recreational trails in the Zuni Mountains of McKinley and Cibola Counties. **The Navajo Nation will soon be developing 80 miles of recreational trails in the Chuska Mountain range, complimenting the 200 miles of rec. trails being developed in the Zuni Mtns.**
- D. NMDOT LRTP and NWRTPO Regional Transportation Plan:** RTPO staff have conducted major updates to our R.T.P. at this time, which was approved and authorized at our January 2021 meeting. The NMDOT (State plan) has come into the 4/5-year major update cycle so they too conducted a more major update in 2020 which continues in 2021. Our RTPO updates our plan on an annual basis; nonetheless, staff undertook a more comprehensive update with RTPO members June – December, in sync. with the NMDOT LRTP update. More updates are anticipated in FFY2021.
- E. Trail of the Ancients Scenic Byway is Nationally Designated:** President Trump signed the “Reviving America’s Scenic Byways Act of 2019” into law re-establishing the Scenic Byway Program but presently without funding. Nonetheless this provided the NWRTPO the opportunity to undertake a demanding process to pursue national designation for parts of our New Mexico TOA byway portion. RTPO and COG staff submitted the 2020 application for national designation for portions of our New Mexico Trail of the Ancients Scenic Byway. The entire TOA byway corridor is shared by Counties in the 4-Corners region of Utah, Arizona, New Mexico and Colorado; the Utah and Colorado corridors are already nationally designated. **We recently received news that major portions of our New Mexico corridor is now designated as a National Byway corridor!** We can now support and work on the Arizona portion of the four state byway, which is primarily on Navajo Nation lands. Historically across the nation regions who achieved national scenic byway status have enjoyed a major and positive impact on tourism and resulting economic growth. With the return of the federal Scenic Byway Program after a multi-year period when the program went away, **we are reconstructing the TOA Byway Council for New Mexico, and undertaking the challenging responsibility shared by participating counties to monitor and improve the national corridor, along with stronger participation in funding the byway, in collaboration with NMDOT staff.**
- F. News, Training and Funding Opportunities:** The following training and funding opportunities have recently emerged:
- FHWA Planning, Environment & Realty Reports: 2/11/21
 - NMDOT Govt. to Govt. Update: none this month
 - AASHTO Publications: 2/25/21 (**Jessica Griffin – NMDOT Planning Division Director, now Chair of AASHTO Multimodal Task Force!!**)
 - NMDOT / UNM-LTAP: Provides a very robust collection of training opportunities – staff forward news to members as it comes out from this source – reference at lap.unm.edu – Online courses notice forwarded to members as LTAP emails come in.
 - **Local Govt. Road Fund: project proposals are due March 15!!**
 - 2/5 – Every Day Counts: Next generation traffic incident management
 - 2/5 – **Tribal Infrastructure Fund: Portal open for applications thru March 8 !**
 - 2/9- NMDOT Broadband Initiatives
 - 2/9- Recruiting for 2021 Walking College
 - 2/9- Tribal Transportation Updates
 - 2/16- Every Day Counts: Traffic Incident Management provides First Responders important tools
 - 2/16- Received news that our N.M. TOA Byway is designated a **National Byway corridor**
 - 2/25- Every Day Counts newsletter
 - 2/25- **INFRA Grant Opportunity Announcement !**
 - Title VI Training is available to MPO’s and RTPO’s from Lisa Neie – Civil Rights Manager for FHWA New Mexico. These trainings can be customized to address member concerns and issues for their regions, if provided to her in advance. Based on training length, we could provide it at one of our meetings.
