IV.	NMDOT Dist. 6 RTIP (Zipper) prioritization, approval and authorization incl. Sandoval (MRRTPO) and Catron (SWRTPO) Counties	Robert Kuipers, Program Manager / Dave Deutsawe – RTPO Chair
BACKGROUND		
<ul style="list-style-type: none"> • Why? Every two years RTPO’s and DOT Districts update their RTIPR’s and RTIP’s (also called zippers), because DOT Districts don’t line up with RTPO counties. In our case DOT Dist. 6 includes Sandoval and Catron Counties from the Mid Region RTPO and the SW RTPO. • Purpose. To collaborate with these two additional counties for project prioritization within the DOT District 6 RTIP (Zipper). • Discussion/Finalization. If the Zipper discussion is possible at this meeting, we will collaboratively prioritize projects for the five county region of DOT District 6.

ACTION ITEM		
<ul style="list-style-type: none"> • DOT Dist. 6 staff, and NWRTPO / SWRTPO / MRRTPO staff will vote to support project prioritization for the five county region. The NWRTPO has always been generous to Sandoval and Catron Counties for project prioritization, as these counties are significantly rural with limited funding opportunities for transportation infrastructure. 		

Discussion: NMDOT District 6 staff requested to **delay this item until our April 14, 2021 meeting**, in order to give Sandoval and Catron Counties a little more time to consider any projects they might like to include in the DOT District 6 RTIP (Zipper); so this item will be moved to next month’s NWRTPO meeting **and no action taken at this meeting.**

--	--

Multimodal Planning & Programs Bureau – Neala Krueger

- Nonmetropolitan Consultation Survey closed on Tuesday, January 19 – with appreciation for a strong regional response from the NWRTPO members. Now in final consultation process.
- **An RSA for the area around the I-40 / US491 intersection and west of this intersection in Gallup RSA is in progress. Numerous pedestrian injuries and fatalities have occurred in recent years. A virtual stakeholder meeting was held on January 28, 2021.**
- **Keep an eye on Senate Bill 20 – Local Govt. Transportation Fund; SB20 is the legislation that would redirect a portion of the gas tax to the Transportation Project Fund. Looks like a good chance that this will get funded in this legislative session per Clarissa & Sean Sandoval.**
- **April or May 2021 TAP/RTP/CMAQ call for projects is coming.**
- **2021 NM Legislative Session opens on Tuesday, January 19 and ends on March 20.**
- **The NMDOT Long Range Transportation Plan website/portal is available at <https://newmexico2045plan.com/> . This project is still in progress and will be for some time yet.**
- **Keep an eye on Govt. to Govt. updates – especially the one from March 8.**
- The New Mexico LTAP center provides technical assistance and trainings to support workforce development with the aim of helping local governments and municipalities across New Mexico meet their transportation needs. <https://ltap.unm.edu/>
- The US491 RSA is now complete with potential for HSIP funding in FFY 2022. This RSA comprised Naschitti, Newcomb, and Sheep Springs Chapters. District 6 is responsible for applying for HSIP funding.

NMDOT Tribal Liaison – Ron Shutiva

- Ron is working on updating Tribal contact lists based on recent election related changes at this time – anything that RTPO members can do to help facilitate this will expediate completing these updates. **Ron indicated that the tribal list is now complete.**
- The Navajo Nation is having issues with development of and industrial park along the NM118 corridor between Rehoboth and Churchrock. The Navajo Economic Development Dept. is now working with NMDOT Dist. 6 toward an industrial park on NM118 between Rehoboth and Churchrock.
- **Ron is now on the LTAP Board.**
- **There's a new Indian Highway Safety Grant out from the BIA.**
- **There will be a teleconference meeting on March 24 for Church Rock bridge repairs.**
- Reminding members to keep on top of deadlines for ICIP, TIF, and LGRF.
- **Due to Chapter turnover it might be good to consider an orientation to the NWRTPO for Navajo Chapters – including transportation funding opportunities – easiest would be at the Eastern, Northern and Ft. Defiance Agency meetings.**

- **Keep an eye out for the Transportation Project Fund – as Neala mentioned.**
- Ron anticipates that a new N.M. Transportation Project Fund at around \$40 million may be forthcoming; so NWRTPO members are encouraged to start prepping and gearing up – as this fund has no functional classification limitations! Ron recommends that our RTPO governments advocate for continuation of this state funding.
- A national broadband project is establishing a broadband corridor along I-40, and will involve tribal discussion with Pueblos of Laguna and Acoma and Navajo Nation.
- NMDOT needs an update from Pueblo of Laguna for progress on Rainfall Road from the Local Govt. Road Fund.
- NM118 drainage analysis project is finally in progress as the Navajo Council is working on agreements with the local governments in the region of the study between Churchrock and Iyanbito; **need coordination with NDOT.**
- Ron indicated that the Laguna I-40 improvement project is moving forward from Exit 112 to 117.
- Ron is concerned about improvements needed for the US64 Shiprock School Zone corridor – NDOT is non-responsive, and support and input is needed from NDOT before the state moves forward with safety improvements.
- I-40 Safety projects are coming to the Laguna Acoma area, including the exit 114 bridge.
- The Pueblo Cultural Center in Albuquerque has a “Pueblo Relief Fund” available, and around \$300K has already been distributed. Go to PuebloReliefFund.org.
- Ron reported on the NM118 drainage analysis that took place between the Iyanbito and Ft. Wingate I-40 intersections at previous meetings. Ron indicated he feels that NM118 drainage issues remain unresolved to this day (in spite of two studies!) and the Navajo Nation DOT remains non-responsive!
- Ron shared concern regarding the lack of an NDOT Eastern Navajo representative – they are putting a lot of pressure on Larry Joe!
- NMDOT is working with area Chapters for improvements on the US491 corridor from Shiprock to Colorado border.

NMDOT District 5 – James Mexia, Stephanie Medina

- **James and Stephanie reiterated the March 15 deadline for LGRF projects.**
- WHPacific is being contracted for a study on needed road and intersection improvements on US 64 – MP 0 – 20 (which includes the Shiprock School Zone). This project will be divided into two phases funded separately and in the District 5 HSIP plan for 2021 including a) primary / major Chapter or community intersections from Shiprock to the Arizona border and b) the Shiprock School Zone.
- The NM371 and N36 intersection near Northern Edge Casino is at 60% design; need ROW clearance / easement from NDOT.
- The District is looking at the need to replace the aging Shiprock San Juan River bridge.
- D-5 staff are managing project proposals for the 2021 Local Government Road Fund, and have received awards from the DOT General Office in Santa Fe for the next fiscal year.
- D-5 staff are reminding local governments that Coop Projects are due by December, 2020.

NMDOT District 6 - JoAnn Garcia, Bill Santiago

- **Local Govt. Road Fund Letter of Interest is due to NMDOT by March 15 – the sooner the better.**
- **For the Transportation Project Fund – DOT-6 is waiting for project reports from Cibola County.**
- JoAnn Garcia reminded members to check up on their Capital Outlay projects and update them in the CPMS (Capital Project Monitoring System), to make sure their projects are submitted and up to date, with the required minimal 5% match.
- For Local Government Road Fund projects – the District needs certifications for all projects – many RTPO members are not following LGRF guidance for project development and are trying to close out projects without having reported progress to the DOT or following what the program requires – this could jeopardize funding, and DOT District 6 urges follow up with their staff. Have contractors apply to be on the State list as pre-qualified contractors. Using a non-state-qualified contractor could also jeopardize project funding!
- Members are encouraged to follow up with NMDOT District 6 – JoAnn Garcia regarding their LGTPF projects.
